
TRY THIS . . .

Materials:

- glass
- milk
- chocolate syrup
- spoon

Directions:

Pour a glass full of milk.

Say, "This glass of milk represents you."

Hold up the chocolate syrup. "This chocolate syrup represents God's love."

Pour some syrup into the milk and stir. "Can we separate the chocolate from the milk?" No!

Just like it is impossible to separate the milk and chocolate syrup, it's impossible to separate us from God's love.

Extension: The chocolate syrup changed how the milk looked and tasted - the milk was different after the chocolate syrup. In what ways might our lives be different after we accept God's love and salvation?
